This presentation is made by STRABAG SE (the "Company") solely for use at investor meetings and is furnished to you solely for your information.

This presentation speaks as of February 2026. The facts and information contained herein might be subject to revision in the future. Neither the delivery of this presentation nor any further discussions of the Company with any of the recipients shall, under any circumstances, create any implication that there has been no change in the affairs of the Company since such date. None of the Company or any of its parents or subsidiaries or any of such person's directors, officers, employees or advisors nor any other person (i) accepts any obligation to update any information contained herein or to adjust it to future events or developments or (ii) makes any representation or warranty, express or implied, as to, and no reliance should be placed on, the accuracy or completeness of the information contained in this presentation. None of the Company or any of its parents or subsidiaries or any of their directors, officers, employees and advisors nor any other person shall have any liability whatsoever (in negligence or otherwise) for any loss howsoever arising, directly or indirectly, from any use of this presentation. The same applies to information contained in other material made available at the meeting.

This document is selective in nature and is intended to provide an introduction to, and overview of, the business of the Company. Where any information and statistics are quoted from any external source, such information or statistics should not be interpreted as having been adopted or endorsed by the Company

as being accurate. This presentation contains forward-looking statements relating to the business, financial performance and results of the Company and/or the industry in which the Company operates. These statements generally are identified by words such as "believes", "expects", "predicts", "intends", "projects", "plans", "estimates", "aims", "foresees", "anticipates", "targets", and similar expressions. The forward-looking statements, including but not limited to assumptions, opinions and views of the Company or information from third party sources, contained in this presentation are based on current plans, estimates, assumptions and projections and involve uncertainties and risks. Various factors could cause actual future results, performance or events to differ materially from those described in these statements. The Company does not represent or guarantee that the assumptions underlying such forward-looking statements are free from errors nor do they accept any responsibility for the future accuracy of the opinions expressed in this presentation. No obligation is assumed to update any forward-looking statements. This presentation does not contain any recommendation or invitation to buy or sell securities in STRABAG SE.

By accepting this presentation, you acknowledge that you will be solely responsible for your own assessment of the market and of the market position of the Company and that you will conduct your own analysis and be solely responsible for forming your own view of the potential future performance of the Company's business.

# Invest in four growth markets with **one share**

# Transforming how the world moves.

Transport networks in mature markets are ageing – while in CEE, many still require major expansion. Demand for **sustainable, safe and smart mobility infrastructure** is accelerating. Substantial public investments, such as Germany's € 500 billion Infrastructure Fund and the EU Cohesion Fund, benefit STRABAG's core markets.

## WHY STRABAG WINS HERE

- ✓ **Leading market positions** in Germany, Austria and the CEE region
- ✓ **Expertise and proven track record** from microprojects to megaprojects
- ✓ **Robust supply chain:** 550 production sites, >80% asphalt produced in-house

of Group order backlog | 2025

# Fuelling systems for a **changing climate.**

Europe's water and power systems face major challenges. Nearly 25% of drinking water is lost to leaks, while grids race to support the clean energy shift. Strong public funding – over € 1 trillion from EU programmes – is driving growth, fuelled by **electrification, infrastructure renewal** and **climate adaptation**.

ADVANCED  
MANUFACTURING  
FACILITIES

# Construction for **next-gen industries.**

High-tech industries demand speed, precision and reliability. STRABAG has the expertise and capacity to deliver. Strong public support – € 43 billion from the EU Chips Act and € 90+ billion via Horizon Europe – is driving growth, fuelled by **reshoring, data expansion** and **sustainability requirements**.

## WHY STRABAG WINS HERE

- ✓ **Track record:** 15+ data centres and major chip fabs delivered in Europe
- ✓ **Best-in-class** time to market & precision in controlled environments
- ✓ **Technological leadership** built on long-standing expertise in high-sensitivity construction – aligned with STRABAG's Strategy 2030

of Group order backlog | 2025

BUILDING  
DECARBONISATION

# Driving the shift to **low-carbon buildings.**

Buildings are key to climate goals but largely outdated. STRABAG transforms them through **integrated FM and MEP solutions** in line with its Strategy 2030. Public funding exceeding € 400 billion from the EU Green Deal is driving growth, fuelled by high emissions, regulatory pressure and the push to double renovation rates by 2030.

# Strong market positions through critical size

With an annual output volume of € 19 billion, STRABAG is the **largest construction technology group** in **Central and Eastern Europe**.

In its European core markets, STRABAG is either the **market leader** or **ranks among the top four**.

The company's operations are primarily focused in Europe, Australia & the Middle East, and the Americas.

## Global country network with market leading positions in CEE core markets

# Innovation and sustainability through **technology leadership**

By leveraging technology, STRABAG is shaping **the future of construction**. The focus is on standardisation, digitalisation and automation.

This makes construction processes more efficient while delivering innovative and sustainable solutions – all with a clear goal: **to design, build and operate in a climate-neutral way by 2040.**

# Stability through financial strength and effective risk management

STRABAG's **financial strength** allows it to act on business opportunities in a flexible manner. **Maintaining this competitive advantage** is therefore a strategic priority.

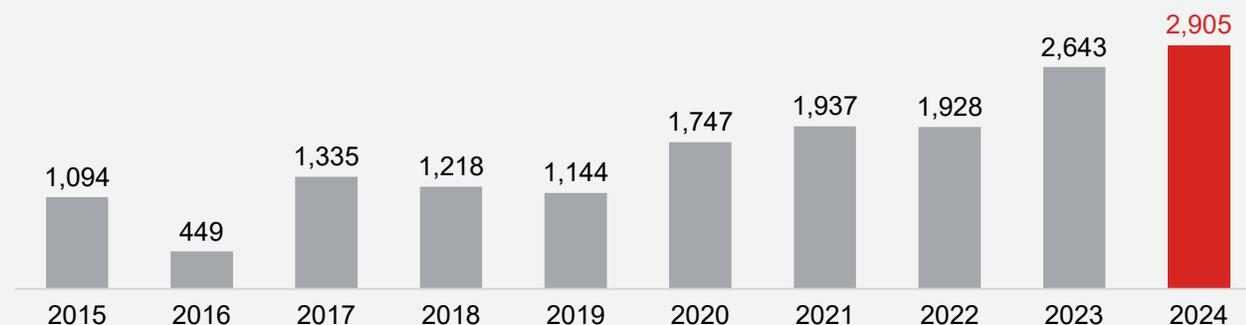

A **corporate-wide risk management system** ensures uniform and binding standards across geographic borders and – **supported by artificial intelligence** – reduces the risk of loss-making projects.

**BBB+** S&P Investment Grade Rating
